

Get Together

Lyrics: Jan Groth, Music: Toore W. Aas

Refrain

Get together, get together, get together in the name of the Lord.
Get together, get together, get together in the name of the Lord.

Strophen SOLO

1. When I get weary, and times are bad, and I feel I've lost the joy that I once had.
There's one solution, one way to go, gotta share my load with the brothers in the Lord.
2. Gonna lift my head up, up towards the sky, gonna praise the Lord until the day I die.
Cause He saved me and set me free, from the doubt and fear that used to torture me.
3. When I am lonely, when I am blue, then I know for sure just what I've gotta do.
I'm a branch on the olive tree, gotta go, they'll all be waiting just for me.
4. When I am crying when I'm in pain, when disease may try to bind me up in chains.
I'll be supported, we're family, all my brothers in the Lord will stand by me.
5. Gonna shout and sing, when times are good, gonna show appreciation like I should.
He's the reason, and He's the goal, He's the one and only keeper of my soul.
6. If you feel shaky, and displaced, and you feel that you're a failure and a waste,
in God you're perfect a precious stone, open up your heart and you won't be alone.
